LADDERS & RAILS

MODERN RAIL SERIES

The modern rail series are designer inspired rail lines that provide an elegant custom look for any pool environment. They are the ideal choice for pool renovation projects and new construction.

- 1.90” OD tubing
- .065” wall thickness
- 304 or 316L stainless steel
- Ladder features stainless steel treads
- ADA compliant

Contact S.R. Smith for powder coating or 316L marine grade stainless steel options.

ADA COMPLIANT RAILS

S.R. Smith’s rail line has been expanded to include ADA compliant transfer rails and hand rails. Designed to meet the specifications issued as part of the update to the ADA law, our ADA rails help meet government specifications, and provide pool users an easy transition into the pool.

Stair Rails
- Height: 34”
- Diameter: 1.90” OD
- Extends at least 12” beyond the top and bottom of the stair landing

Transfer Rails
- Height: 5.75”
- Length: 12”, 14”, 16” or 18”
- Meets ADA structural strength requirements

We Make Quoting And Specifying Easy

Engineering specifications and AutoCAD drawings are easy to add to facility design and bid proposals. Configure your own custom rails with the S.R. Smith Rail Configurator. This handy tool generates a basic specification document that can be given to your channel partner for a quote.

Due to printing technology, actual colors may vary.

*Custom Order Colors
**SealedSteel cannot be used in spas and pools where the water temperature exceeds 100 degrees F.

SealedSteel® Salt Friendly
- a protective vinyl coating that completely encapsulates the steel, and performs well in salt pool and other harsh environments (not available with Artisan or Meridian Series).

StressLess Vinyl Coating
- fully encapsulates stainless steel to lock out corrosion.

Increased traction when wet. No more slippery rails.

Sealing Cap
- creates full encapsulation—shown pulled off.

LADDERS & RAILS

UNIQUE DESIGN ELEMENTS THAT MAKE A POOL SPECIAL
When you choose S.R. Smith, you are choosing ladders and rails that can turn an ordinary pool into the extraordinary. From standard to custom, in a wide range of finishes, our rails can add both form and function to any pool.

CUSTOM RAILS—ANY SIZE OR SHAPE
Whether it’s a minor variation to one of our standard rail configurations, or something from your own imagination, look to S.R. Smith to help make your vision a reality. While it’s true that ladders and rails should be hardworking and functional, they also have the power to help make your pool an architectural masterpiece. What’s more, S.R. Smith keeps your project on track with the fastest turnaround time in the industry.

We offer a variety of options so every rail will be built to your exact specifications.

RAILS AND LADDERS
Our ladders and rails are available with a variety of options:

- Tubing sizes: .049”, .065”, .109” or .120” OD
- Wall thicknesses: 304, 316L, .049”, .065”, .109”, .120" OD
- Stainless Steel or 316L
- Coatings: Salt Friendly or Powder Coating

The options listed above are available on all ladders and rails. Please visit our website for more information.

LADDERS

- Economy
- Commercial
- Dade C. Rinds
- Parallel-Look
- Camelback
- Snap-Lok
- Standard Plus
- Creasedrail Plus
- On-Ground
- Dock-Ladder
- Easy-Out
- Therapeutic
- Residential
- Elite
- Econoline

Most ladders available with choice of Elite or Econoline treads.
