

HELP YOUR CUSTOMERS SEE THEIR POOL IN A WHOLE NEW LIGHT

AFTER
3 S.R.Smith LED Lights

Are your customers' pools going dark? Help them see the light and generate new revenue for your business! Update fading fiber optic lighting to vibrant LED lights with the Power Tower PT-6001 or PT-6002 Fiber to LED Conversion Kit. It is a high value upgrade that uses existing conduit and wiring, which helps you save time and money!

srsmith.com/WholeNewLight

Delight your customers and your bottom line with Fiber to LED Conversion Kits.

The new & improved PT-6001 & PT-6002 Fiber to LED conversion kits are an energy efficient, direct replacement for Fiberstars 6004/2004 fiber optic illuminators. They make upgrades fast and easy because existing fiber conduit is reused for the new S.R.Smith LED lights. The PT-6001 and PT-6002 seamlessly replace aging illuminators and are virtually maintenance free. Pool owners not only get brighter lights, they also gain the ability to have color light shows at their fingertips using the hand-held remote.

FEATURES	PRODUCT	
	PT-6001	PT-6002
Zones	1	2
Transformers	1	2
Remote Control	✓	✓
Number of Lights (based on 7W lights)	7	14
Direct replacement for Fiberstars 6004/2004	✓	✓
New Screwless Terminals	✓	✓

Update fiber optic pool lighting in 3 easy steps:

- 1 -
REMOVE

Remove the existing illuminator & pull out the fiber bundle.

- 2 -
REPLACE

Replace new cable in the existing conduit.

- 3 -
RECONNECT

Reconnect the new lights to the Power Tower and replace cover.
