BUILT FOR LASTING FUN

All S.R.Smith® pool basketball games are made from sturdy, 304 stainless steel, have a regulation rim, and come with a basketball and needle. Many models are available with a SealedSteel® vinyl coating that provides extra protection from harsh pool environments, including salt pools. All games are removable for seasonal storage or for times other aquatic activities require clear deck space. Clear, durable backboards provide minimal visual obstruction. Commercial games are available in custom heights and setback ranges.

GAME ON!

Whether it's one-on-one or team play, basketball and volleyball are even more fun when played in the pool. S.R.Smith offers a complete line of residential pool games designed to stand up to the toughest competitors and environments. These durable, well-designed games will provide hours of active entertainment for years to come.

SALT POOL FRIENDLY GAMES

Got salt? No problem! Look for the Salt-Friendly icon on select games that tell you the game features SealedSteel®. A protective vinyl coating, SealedSteel® virtually eliminates corrosion and stays cool to the touch in extreme temperatures.
