BRING YOUR VACATION HOME

Inspired by the world's most luxurious resorts, S.R.Smith®'s line of professional grade in-pool furniture sets a new standard for style and elegance. The Destination Series and Resort Series products feature table and seating options designed to create spaces for conversation and relaxation.

MINIMUM WEIGHT - MAXIMUM STRENGTH

The Destination Series is manufactured using Resin Transfer Molding (RTM), an advanced manufacturing process used in a diverse range of applications from aerospace to automotive products. The RTM process creates a composite material that has a high strength to weight ratio — although lightweight, it is exceptionally strong and durable. RTM products offer a truly unique look that is salt pool friendly and UV resistant to protect colors from fading.

SALT POOL FRIENDLY

We know pool builders and consumers alike enjoy the benefits of salt chlorinator systems—that's why we've designed a line of products that perform well in salt pool environments. Our Salt Pool Friendly icon is your visual assurance that the most durable and salt friendly materials have been used in manufacturing.

Destination Series New Construction Tables and Seating

Make the most of a sun shelf with tables and seating that allow you to cool off without splashing around. Bring your book, your favorite beverage and a snack to spend hours relaxing in your personal destination space.

- Tables & seats designated for 6-inch anchors
- Pole height can be customized in the field (suggest using a hacksaw with a new blade)
- Easy to insert and remove without tools
- Salt pool friendly
- Tables with or without cupholders
- Available in assorted colors and visual textures

PL-ADAPTER-1.50	Adapter Kit for Sun Shelf Table

Destination Series sun shelf tables install into most 1.5-inch umbrella anchors in three easy steps with the Adapter Kit from S.R.Smith. Adapter Kits have been verified for use with most popular 6-inch umbrella anchor manufacturers including Aqua Star®, Waterway™ and CMP®. Compatibility with other brands is not guaranteed.

Destination Series Lounger

The Destination Lounger lets you relax and enjoy the pool without a splash. Elegant design and sturdy construction combine to give pool owners the opportunity to upgrade their sun shelf space with ease. The innovative design allows pool owners to easily fill the base section with water but, more importantly, allows them to move the lounger to remove water so it's easy to take it off the sun shelf when not in use.

- Easy to drain and remove when not in use
- Perfect for residential or commercial use
- For use on a pool ledge with water depths up to 12 inches
- High-quality RTM composite material
- UV protection to resist fading
- Compatible with all pool types, including vinyl
- Exclusive colors and visual textures
